BIRCH HILL NATURAL MEDICINE

RE: CHIROPRACTIC/ACUPUNCTURE ASSISTANT & SHOP MANAGER POSITION

HELLO,

I'm writing to express my interest for the above mentioned position. I'm a caring person with a smiling face, who loves meeting and interacting with new people. Organization and an excellent work ethic are amongst many of my skills.

As you will see in the attached resume, I have explored different opportunities and paths over the years. With my past work experiences, I have gained valuable interpersonal skills and I understand the importance of being personable, professional and focused. Although I haven't worked in alternative medicine before, I am a believer in it! I have had numerous acupuncture/chiropractic treatments in the past and they have always been successful. Being that I am a fast learner and I fully immerse myself with taking on new skills and perfecting them, I am certain I would prove to be an asset to your team.

I'm looking forward to this opportunity for a personal interview so we can discuss the contribution I can make to your team. I appreciate your time and consideration.

Best Regards,

Sinéad Regan
